

Congratulations on your decision to pursue an internship. Below you will find a list of possible agencies to contact regarding internship opportunities. Please note that not all agencies have formal internship programs. You are also not required to select an agency from this list. The telephone numbers provided are for each agency's main office. You may have to ask several people to direct you to the person in charge of internships, human resources, or community outreach. If you know of other agencies, please, feel free to contact them. Please keep the following in mind that if you are interested in a federal internship, you will need to start the application process one year in advance of your anticipated start date, as background checks may take a very long time. If you are interested in a local or state internship, you should start the process one complete semester ahead of time. Good Luck!

*If you find that phone numbers or websites listed below are incorrect, please e-mail Dr. Amy Hyman Gregory at amyhyman@fiu.edu.
