

Congratulations on your decision to pursue an internship. Below, you will find a list of possible agencies to contact regarding internship opportunities. Not all of the agencies have formal internship programs. You are not required to select an agency from this list. The telephone numbers provided are for each agency's main office. You may have to ask several people to direct you to the person in charge of internships, human resources, or community outreach. If you know of other agencies, please, feel free to make contact with them. Please, keep the following in mind: if you are interested in a federal internship, you will need to start the application process one year in advance of your anticipated start date. If you are interested in a local or state internship, you should start the process one complete semester ahead of time. Best of luck!

* If you find that the phone number or website on this list is not correct, please, e-mail Dr. Ammons Blanfort at cammons@fiu.edu.
